Course Description
IST is a GSM class designed to help develop knowledge, skills and desire to do business in the international marketplace. Each time, we pick a new part of the world to study that reflects some special opportunity.

Travel location: Turkey

Travel Dates: Official business dates in-country are: March 17th through 26th. Students are free to travel earlier and later for personal travel, but must be there for the class dates.
Class work: As this is a for-credit class, there are graded assignments related to preparation, business meeting write-ups and personal reflections. A digital camera (not the one in your phone) is required for each student in the class and you will have a photo-assignment. Students determine goals of the trip, arrange all meetings, transportation, lodging, translators, etc. The instructor’s responsibility is to “guide” the student-led course and provide suggestions and resources from within UC Davis.

Costs: The costs are the course-related course (it is for credit) plus travel costs. The travel costs are paid directly by the students and are likely to range from $4K to $5K depending on location, time, hotels (to be selected by students), translator costs and any tours/etc students may select during the evening and the middle-weekend.

Valid passport, Visas and immunizations: Each student is responsible for obtaining a valid passport (must be good for six months AFTER THE COMPLETION OF TRAVEL), have blank pages and Visas if needed. It is the student’s responsibility to ensure they are current on all immunizations and acquiring ones related to the county of travel.
