WELCOME TO THE GSM ALUMNI ASSOCIATION

Your Alumni Network
UC Davis GSM graduates automatically become members of the Graduate School of Management Alumni Association (GSMAA). As alumni, you will begin to receive the alumni monthly e-news, Accelerator. The Accelerator will keep you informed on latest school updates including faculty news, student clubs, upcoming events, and alumni spotlights.

Mission
The mission of the GSMAA is to facilitate strong affiliations among fellow alumni, current students, faculty, staff, and the communities we share. The association will foster the continuing professional development of alumni and promote opportunities to enhance the reputation of the School.
