Welcome to UC Davis Graduate School of Management. In collaboration with central campus and adhering to Yolo County and state guidelines, we have established the following protocol for your safety and the safety of the community.

PLEASE READ BEFORE YOU ARRIVE AT THE DAVIS CAMPUS

Visitors will be allowed entrance to UC Davis facilities based on the following exceptions:

• Complete the Visitor Daily Symptom survey before entering the building. This is a requirement for all UC Davis-operated facilities anywhere in California and serves as a reminder to pay attention to your symptoms.
• Everyone is required to wear face coverings indoors, regardless of vaccination status.
• If a person is fully vaccinated, the only time a face covering can be removed indoors is when that person is alone in an office or a cubicle. To be considered fully vaccinated, you must have completed a COVID-19 vaccination series more than 2 weeks ago. If a person is unvaccinated, they must wear a face covering indoors at all times and outdoors in crowded spaces.
• The GSM is providing hand sanitizing stations throughout the suite for your convenience.
• Stay home if you are sick.

Our goal in introducing these visitor restrictions is to protect you, your loved ones, our students and staff. Thank you again for your understanding during this difficult time.

In addition to updates provided by the Graduate School of Management, UC Davis Campus also provides information and updates to the community through the following links: Campus Information | Campus Ready
