

Course Schedules: NEW LOOK AND INTERACTIVE FEATURES!

We are excited to announce the rollout of Phase 1 of the updates to the registration system. Among the many upgrades, you will notice that you are able to view:

- Courses with real time enrollments and updates
- Future quarter course offerings as soon as they are released
- Ability to manage future term course scheduling as terms are released. (Enrollment is not guaranteed until registration formally begins each quarter.)
- Courses offered by quarter on all three campuses in one screen, with options to filter by campus and term
- Search features include sort by program, term offered, concentration, or instructor
- Course Advisor tab allows you to see courses and grades for completed course work

Enhancements will continue to be added as this project progresses, ultimately resulting in a streamlined comprehensive system that allowing students to select courses, register and, for working professionals, make payments in an all-inclusive system.

Registration for now continues in [SISWEB](#) for all students.

Payments for working professionals will be processed once students have built their schedules. A button is provided at the bottom of the page for payment or *Pay for Courses* option from the main page.

To view the schedule for the current and upcoming quarter, log into the [Course Scheduling](#) application with your user name and Kerberos passcode. Click on  at upper right-hand corner of screen.

The main page is available with these options:

- *Manage Schedule*
- *Schedule Details*
- *Course Advisor*
- *Finals Schedule*
- *Pay for Courses*

In *Manage Schedule*, the following tabs are available:

- Term and Program – Filter courses by selecting the quarter and campus

Term: ALL
 Program: ALL

ALL
 Day Time MBA (Davis)
