

WELCOME TO THE GSM ALUMNI ASSOCIATION

Your GSM Alumni Network

UC Davis MBA graduates automatically become members of the Graduate School of Management Alumni Association (GSMAA). As alumni, you will begin to receive the alumni monthly e-news, *Accelerator*. The *Accelerator* will keep you informed on latest school updates including faculty news, student clubs, upcoming events, and alumni spotlights.

Currently there are three Northern California alumni networking chapters: Sacramento Business Professionals Networking Group (BPNG), San Francisco Alumni Network (SFAN), and the Silicon Valley Alumni Network. Keep an eye out for networking events in your area!

Our Mission

The mission of the GSMAA is to facilitate strong affiliations among fellow alumni, current students, faculty, staff, and the communities we share. The association will foster the continuing professional development of alumni and promote opportunities to enhance the reputation of the School.
